## CAMPMINDER AND PARENT PORTAL

We are happy to introduce a brand new registration system and parent account portal this year - **CampMinder!** CampMinder offers great features for parents:

- Submit all required forms and documents online
- See camper purchases and add money to a Camp Store Account at anytime
- View your financial statement, make online payments, and sign up for an automatic monthly payment plan
- Send emails to campers during the summer using "Camp Stamps" and provide your camper with "eLetters" to receive handwritten responses digitally
- View camp photos and order prints from your account
- And more!

With our new Camp database, you'll experience a new application process. Most of our previous Camp families have had their information imported into the new system, and an account created. When starting the application, be sure to use the email you provided on last year's application, and click the **"email a reset account invitation"** link to create a password. You'll receive an email from [automation@campminder.com](mailto:automation@campminder.com) to your inbox.

Contact our office staff at [info@DiabetesCamping.org](mailto:info@DiabetesCamping.org) with any questions!

The entire staff of Camp Conrad Chinnock wish, for all our Camp families, warmth, love and light this Holiday season. Never underestimate the importance of 'light', for it represents the goodness in everyone. In the summer, I purposely end every session by reminding one and all that "you are the light of the world". Each of you bring a special light that enhances our ability for hope and compassion.

We expect 2018 to continue this hope with the following projects in progress:

Proper housing for our medical staff, a project which has been in the planning for over a decade. We are just over half way to our goal of \$325,000 for this new building and are asking for ideas and leads for the remaining funding.

Thanks to a generous gift from the Susan Clark Family and the PADRE Foundation, we are working diligently to do a much-needed remodel and make-over of the current medical center.

Please do not forget our upcoming Winter Family Camp over the Martin Luther King Weekend in January and our Teen Winter Camp over the Presidents weekend in February!

Camp will not stop until a cure for T1D is found. In the meantime, we could not wish for a more wonderful group of individuals to continue our journey of support.

– Happy Holidays
